or hoffman34@bigpond.com

happy to assist in relocating

WETA for sale - TOWNSVILLE

I love this boat but have little time to use it, and have reluctantly decided to sell. The boat is in excellent condition and has been garaged since new. It can be rigged, launched and sailed by one person, but has room for one or two others. It is a very forgiving learn-to-sail boat for the family, but is surprisingly quick. Check out www.wetamarine.com

- Road trailer (registered to September 2015)
- Beach trailer with Beach Wheels for easy launching and retrieval. www.wheeliez.com
- Heavy duty fitted transport cover
- Velocitek SpeedPuck. www.velocitek.com/speedpuck/

\$10000

FOR SALE

Sailing dinghy for sale.

Please liberate me from the dark shed where I have been stored since my crew left home.

I am an Australian Light Weight Sharpie and I now have the name "Fat Buoy on a Wire" but I used to be known as "Camelot".

My sail number is 514 and I was built in Adelaide by R. Haselgrove.

I have a lot of sails and rest on a registrable trailer which is in very good condition.

I need a bit of TLC but I am structurally strong otherwise.

Come and see me at Topaz Road, Malanda.
