PRESIDENT'S MESSAGE

On behalf on Water Polo NSW, I welcome everyone to the NSW U16 Boy's Club Championships for the 2015/2016 tournament season. I am pleased to see such a strong commitment from all clubs.

The tournament provides an opportunity for teams from all over the State to come together and go head-to-head over three full days of competition.

Another new initiative being introduced this year is the **Think. Act. Play.** program which has been developed to promote and encourage good sportsmanship within the sport. This is designed to provide a safe, fair and inclusive environment for all participants (players, coaches, referees and volunteers).

I would like to take this opportunity to thank the staff of Water Polo NSW, Water Polo ACT, plus staff at Canberra International Sports & Aquatic Centre. I trust that everyone will have a wonderful time at the competition.

I wish all teams the best of luck and encourage all everyone to participate in the best spirit of the game.

Nick Hodgers | President – Water Polo NSW

THINK. ACT. PLAY.

Think.Act.Play is the program that was developed by Water Polo Australia and NSW Sport & Recreation to ensure that core values, good reputation, and positive behaviours are maintained. Water Polo NSW fully endorse the program and envisage it to be a cornerstone support to the development of the Sport. The key messages that the program aims to promote are:

THINK before you speak

ACT with respect |

PLAY in the spirit of the game

All Clubs are encouraged to look to implement the program within their local training and activities. If you would like more information, please see the officials table to speak with a tournament director/coordinator.

WATER POLO NSW POLICY STATEMENT

CHILDREN & IMAGES

Water Polo NSW in conjunction with Water Polo Australian Limited is committed to providing a safe, fun and enjoyable environment for all our children and young people to enjoy the sport of water polo. In this regard Water Polo NSW endorses the policy of Water Polo Australian Limited which is listed below.

WATER POLO AUSTRALIA POLICY STATEMENT CHILDREN & IMAGES

Dear Parent/Spectator,

Recently there have been some concerns from parents about the risks posed directly and indirectly to children and young people regarding people taking video and photographs of players in junior water polo competitions throughout Australia. It is very rare but evidence in Australia indicates that sometimes this information can end up being posted on an internet site or published in a magazine or newspaper where it may be used by unscrupulous people to target children.

Water Polo Australia Limited understands that many parents or relatives that have children playing within junior competitions, may from time to time, take video or photographs of their child or friends for family mementos.

Water Polo Australia Limited fosters the belief that providing a safe environment for all children who compete every week in competitions and tournaments across the country is of paramount importance. To help Water Polo Australia provide a safer environment for our children we would request that parents join us in partnership to address the following strategies to make water polo a safer environment for our children:

1. That all parents and spectators firstly ask the permission of the athlete's parent / guardian prior to taking their image where practical. Ensure that they are aware of the way in which the image may be used prior to taking a photograph or video of their child. Do not use images of other children on internet web sites, and do not use names of children when displaying images in the public arena. Change rooms must be camera-free zones.
2. As a parent if you notice inappropriate photographic behaviour regarding people that you don't know, then we suggest that you advise pool management and the coach/manager of your team immediately. We also suggest that you advise your state body of these concerns as soon as it is practically possible.
3. Professional photographers must register with pool management and the tournament director or the event coordinator.

Water Polo Australia Limited would like to thank you for your understanding in helping us provide a safer sport for all junior water polo players.

Chris Harrison
CEO - Water Polo Australia Ltd

Further to this, Water Polo NSW wish to advise that the following safety checks will be in place to ensure that reasonable control on the use of photographic and video recording equipment is adhered to.

1. Any parent intending to either photograph or videotape their child/children competing will need to complete the following steps;
 - a. On arrival at the venue where their child/children is competing, will need a register to record details. The registering parent will need to produce photographic identification to receive their wrist band. A driver's license is suitable.
 - i. On registration, the parent will be issued with a wrist band which they must wear whilst taking photos/video in the competition venue.
 - ii. Water Polo NSW would expect that all parents would join us in partnership to ensure a safe, fun and enjoyable environment for their children to compete in.

WPNSW STATE SQUAD SELECTION

During the tournament WPNSW Selectors will be looking at players for selection in a State Squad. Athletes will be selected based on their playing positions and both their team and individual performances at the competition.

The following criteria for selection will be applied:

- Players wanting selection must participate in the specific State Age Championships or otherwise apply for an exemption due to exceptional circumstances (approval at the discretion of WPNSW).
- Previous performances will not necessarily be considered for selection.
- Club coaches will have the opportunity to provide a list to WPNSW at the tournament of players deserving consideration for selection.
- Upon selection, players must be willing to participate in the Elite Athlete Pathway outlined upon selection to maintain their position in the squad. The pathway may vary from one athlete to another and between age groups. Any individual exceptions to this requirement will need approval from WPNSW Sports Development Manager.

Exceptions to the above can be made as deemed necessary for the development of individual players or the Sport at the discretion of the WPNSW Sport Development Manager.
