

For sale:
Griffin #1106
\$4,000

This is an exceptionally fast, well built minnow. One of only four made by Glenn Collings (inc 'Ozone' and 'Speedaway'). These Glenn Collings boats are the only wooden boats to have won championships in the past 10 years against the newer fibreglass boats. The boat 'Griffin' has always been at the front of the Open fleet and has a proven track record having won multiple championships including the nationals twice.

All current fibre glass boats are out of a mould made off Griffin.

It is race ready and comes complete with:

- Three sails: 1 race sail (hardly used) and 2 training sails
- Cover
- Trolley
- New carbon tiller extension
- Foil bag for centreboard and rudder

It has recently been revarnished by Martin Sly and presents in fantastic condition.
